Healthcare, Education & Research

Dear Colleagues,

The increasing prevalence of antimicrobial-resistant pathogens has become well recognized over the past decade. Antibiotic resistant strains of bacteria have caused great concern in the health care field. It gives us great pleasure to invite you for "Antibiotic Stewardship" symposium organized by Infection Control Department, AIMS.

We are pleased to announce that Dr Nalini Singh, Fullbright scholar will be the key speaker and facilitator at the programme. Dr Nalini Singh, MD, MPH, is the chief of the Division of Infectious Disease at Childrens' National Medical Centre, Washington University, US.

We are confident that you will find the programme both scientifically stimulating and informative

---
